You all, as System Editors, have the rights to archive any content from the webcms.

Thanks

Re: Speeches:

Talking to Christine, we think taking all previous Admin speeches and archiving them is the best approach vs the entire area. We'll put a placeholder sentence up there for Admin Pruitt till we get some content.

Right now, all speeches prior to 2014 are in the archive, we'll just archive through 2016. Do we in OWC have the proper rights to archive that content?

Ok. We'll those redirected.

I want to make sure I understand about the speeches page, if I proceed as the others, we'll move that page to Archive, we could at some future date, build a new page for Administrator Pruitt's speeches.

This new speeches page is what the intern would populate. By the way, as an aside, a fed or contractor needs to publish the pages when the new ones get built. Interns can't publish to the site.

I recognize the latter means we'll have to update this with text of SP's speeches. I'm hoping to have an intern take care of that soon.
